THE LOCAL CANVASS. THE ANTI-TAMMANY NOMINATIONS.

OPINIONS OF POLITICIANS ON THEM-PROBABILITY THAT THE REPUBLICANS WILL ORIECT TO SOME

OF THEM-CONFERENCES CONCERNING A COMBI-

The question whether or not the Republicans will accept the nominees of the anti-Tammany Conven tion, held on Wednesday evening, was discussed yester day by the politicians of all party organizations. While it was conceded that the majority of the ticket was mposed of unexceptionable men, it was asserted that there were some weak ones. There is a strong feeling on the part of many representative Republicans that a party easting nearly 37,000 votes for its candidate for Mayor last year should not be content with one candidate on the judiciary ticket—that of District-Attorney. Recorder Hackett was nominated by the Republicans at the same time with District Attorney Phelps, and the person who nominated him, acting under orders, laid a good deal of stress on the fact that he nominated him as a Republican. This is characterized as an absurdity. Recorder Hackett erat, and was inclined to expect to receive the nominacharges made by John Kelly the Recorder would have received a strong support in the Tammany Convention. It is understood that conferences were held yesterday by the Republican leaders and the anti-Tammany leaders. Another conference will be held to-day, and the result will be given at the adjourned Convention of the Republicans this evening at Republican Hall. It is understood that the nominations of Dennis McMahon for Judge of the Court of Common Pleas and Wm. C. Traphagen for Surregate will not be accepted by the Republicans. It is erted that Mr. McMahon would not be well received instion would be equivalent to a defeat. There is objec-tion made, also, to Mr. Traphagen, on the ground that a stronger candidate could be presented. It is stated that to T. Ruggles would be acceptable, and a compromise of Republicans who prefer that a man of their own orcise Commissioner Win. H. Stiner would probably be the choice of the Republican Convention. There two straight Republicans nominated for Aldermen-at-Large, and only two. One of these will be Alderman O. P. C. Billings, and the other is likely to be Assemblyman Jacob Hess. The Republicans feel confident that, under the minority representation clause of the Charter, they can

The Liberals in this city do not propose to run a county

taket. Should they not enter the combination against Tammany Hall, their Convention, which adjourned to Tuesday next, will probably recommend the members of the organization to support the best men on each ticket placed in the field. Many of the Liberals would be placed in the field. Many of the Liberals would be placed to have ex-Judge F. J. Fithian given a place on the judiciary ticket, to be agreed upon by the kepublicans and the anti-Tammany organization.

The following is a more complete sketch of the anti-Tammany candidate for Judge of the Superior Court than has yet appeared: Charles F. Sauford was graduated at Yale Cellege, and afterward sindied law in the office of William M. Evarts. He was a partner of the late Judge, when Mr. Sanford entered into partnership with E. R. Robinson and 8 sufford have been counsel for a number of railway and other corporations, including the Pennsylvatia Central, Camden and Amboy, and Northern Pacific Railroads, the Delaware and Kartan Canal Company. They have also been counsel for the trustee of Jay Cooke & Ce., and the Baltimore Steam Packet Company, the Hoboken Land Improvement Company, and Merton, Bliss & Co. He is a Democrat in politics, a gentiemen of considerable fortune, and a lawyer of high standing at the Bar.

REPUBLICAN NOMINATIONS. SENATORIAL AND ALDERMANIC CONVENTIONS-JAMES

W. BOOTH RENOMINATED FOR SENATOR-THE CANDIDATES FOR ALDERMEN.

Republican Conventions were held in the last evening. The Senatorial Conventions, with the exception of that in the With District, adjourned without making nominations. In that Convention, Hugh Gardne presiding. James W. Booth was unanimously nominated for Sepator. A Liberal Republican Convention was held in the IVth District, but no nomination was made.

In the Aldermanic Convention of the IVth District

John Robinson was nominated for Alderman.

In the VIth Assembly District two informal ballots

In the Vith Assembly District two individuals as were taken, which resulted each time as follows: C. A. Bartion, 9: Joseph C. Pinckney, 11; C. H. Southworth, 6. The Convention then adjourned.

The Republicans of the Vilth Aldermanic District held a Convention list evening. Ex-Judge Henry P. Howland was unanimously nominated as the candidate for Alderman. Mr. Howland returned his thanks for the honor, after which the Convention adjourned.

after which the Convention adjourned.

The Republicans of the VIIIth Aldermanic District met in Convention last evening, at Brevoort Hall, in Fifty-fourth-st., near Third-ave., for the purpose of nominating three candidates for Aldermen. James Owen presided. The voting upon the names of candidates present resulted as fellows: Joseph Cudipp, 43; Stephen M. Smonson, 40; Benjemin Reyer, 34, and James R. Marvin, 20. The first three named were declared duly nominated for Aldermen.

REGISTRATION COMPARISONS.

FALLING OFF IN THE NUMBER OF VOTERS REGISTERED AS COMPARED WITH LAST YEAR-THE FIGURES IN EACH DISTRICT.

A comparison of the number of voters registesed for the first two days registration this year, with the corresponding days of 1874, show a decrease of 6.366 votes, the total number registered thus far this year being 68,643; in the same time in 1874 there were 75,009. The decrease is very uniform throughout the city, except in those districts where a sharp local contest may be expected. In the First District, which is thoroughly Democratic under all circumstances, there is a failing off 414 voters, the total number registered this year being 2.621, as compared with 3,035 last year. In the Third District, where James Hayes, the defeated Tammany candidate for Register last Pall, and the special friend of John Morrissey, is a power, notwithstanding the fact that he has been thrown out of Tammany Hall, the figures show the interest that is taken in the approaching election, and that a strong effort will be made to elect the candidates in opposition to Tammany Hall. Last year 2,342 voters were registered and this year 2,261, showing a falling off of only 81. The Vith Assembly District is another part of the city where a strong opposition to Tammany Hall will be shown. The registry here shows 2,385 for the present year, as compared with 2,578 last year, a diminution of only 193. The Xth District, comprising part of the Seventeenth Ward, also Democratic, but, where a majority of the voters are Germans, comes close to the registry of last year. It is expected that a strong opposition to Tammany Hall will be shown. Thus far this year there have been 2,333 voters registered, and for the same time last year, 2,454, a falling of of 121. The XIVth District is the only one which shows an in-

crease. Thus far this year there have been 2,207 voters registered, as compared with 2,199 last year. There is largely Democratic, and considered to be one of the Tammany strengholds. In the XVth District the registry es well with last year, the tolals being 3,735 and 3,975, a falling off this year of 240. This is the district where Senator Ledwith and Assemblyman Costigan are expected to make a strong fight against Tammany Hall in return for being cast out of the organization. The registry in the XVIIIth District shows a greater decrease than would naturally be expected when it is considered that within its precincts reside John Kelly, Mayor Wickham, Corporation Counsel Whit-Tammany leaders: Collector Arthur, Thomas Murphy, James O'Brien and others of the auti-Tammany organization. There were registered for the first two days of last year 3,954 voters, and this year 3,489, a diminution of 465. This is the more remarkable as a sharp contest between Tammany Hall and the opposition in the choice of Assemblyman is looked for. In the XXIst District, where ooth Democratic and Republican organizations are divided, there is promise of a full vote by the contending factions. There were registered for the first two days last year 5.970 voters, out of a total of 10,591, or more than one-hair; for the first two days of the present year there were 5,793, a falling off of only 177 votes. The three Republican districts show a greater falling off in the number of voters than might be anticipated, as the party leaders hope to carry the Legislature this Fall, if possible. In the VIII District there are registered thus far 2,189 voters, as compared with 2,473 last year, a failing off of 284 votes. In the IXth District there were registered this year 3,556 voters scalast 3,816 last year, a falling off of 260 voters. In the XIII, the "banner Republican district," the failing off seven more marked. Last year there were registered for the first two days 3,353 voters; this year there are only 1,846, a decrease of 487.

It is evident that nuless special exertions are made by beth parties on the remaining two days of registration, Assemblyman is looked for. In the XXIst District,

there will be a very decided falling off in the vote as com pared with last year.

The Kings County Republican Nominating Convention was held at Samuell's Assembly Rooms, in Brooklyn, at 3 p. m. yesterday. BROOKLYN TAXPAYERS IN COUNCIL. An adjourned meeting of the Independent Taxpayers' Association of Kings County was held in the Directors' room of the Academy of Music, last evening, to hear the report of the committee appointed to wait upon the Republican City Nominating Convention and present the name of ex-Alderman E. T. Backhouse for Mayor. Ex-Alderman Van Brunt presided. Col. Davis, that no common ground could be found on which the Convention and the Taxpayers' Association could stand. A committee on permanent organization for future work was appointed, consisting of Joseph Reeves, ex-Mayor Booth, Col. A. C. Davis, R. S. Scott, and Mr. Ensign, to which the Chairman and George E. Farrington were subsequently added. The meeting was adjourned until next Wednesday evening. as Chairman of the Conference Committee, reported

The German property owners of the Tenth, Eleventh, and Seventeenth Wards held a large meeting chair. Mr. Tomson addressed the meeting, saying that the organization had grown to such dimensions both in numbers and influence as to enable them to nominate and elect some of their own representatives. The Chairman elect some of their own representatives. The Chairman said that the property owners of these Wards had greater influence and could command more votes than any political party. They should therefore assume an entirely independent position, and hold their own Conventions. It was decided to hold a Senatorial Convention, to send delegates to the Hid Aldermanic District Convention, Id and IVI Judicial District Conventions, and to hold Assembly District Conventions.

DEMOCRACY IN THE ELEVENTH ASSEMBLY DISTRICT.

A meeting of the XIth Assembly District Tammany Hall Committee was held at the Germania Hall, at Twenty-sixth-st. and Seventh-ave., last evening. J. A. Beall, the Chairman, Francis L. Stetson, and Judge A. J. Requier made addresses. Mr. Beall contrasted the Tammany and anti-Tammany art. Dean contrasted the rammany and anti-frammany tickets. Judge Requier, whose speech was much applauded, devoted his attention to what he termed the three great curses bequieathed to the country by the war—inflation, a high protective tariff, and bayonet rule—each of which he stributed to the Republican party, represented by President Gent. by President Grant

GENERAL POLITICAL NEWS.

HARD MONEY MEETING AT DETROIT. APPOINTMENT OF DELEGATES TO CINCINNATI-IN TERESTING LETTERS FROM SENATOR CHRISTIANCY AND GOV. BLAIR.

BY TELEGRAPH TO THE TRIBUNE. DETROIT, Mich., Oct. 14.-The Hard Money nvention, called by the Reform State Central Committee, to select delegates to attend the Cincinnati Convention, met here to-day. No effort was made by pub-lishing a call to secure a large attendance, for only promment members of the Reform or Liberal party were wanted, and in this respect the Convention was a success Most of the leading reformers of the State were present, or sent letters approving the object of the Convention. The Convention was called to order at 12 o'clock, and a temporary organization effected, and then a recess taken till 2 o'clock. On reassembling, Jerome W. Turner was unced as President of the Convention. He made an able speech, presenting many strong points. from Senator Christiancy, ex-Gov. Blair, and others were then read. Senator Christiancy's letter concluded as

In conclusion I will say that this question, so vital to the prosperity of the people and the honer and credit of the nation, is in my opinion one which should be treated as far above all partisan politics, and for myself. I cannot foresee any contingency in which I shall not be found cordially acting with all who are in favor of an early re-sumption of specie payments without any sitempt at in-flation, and as cordially against all who are against such a resumption.

The letter of Gov. Blair concluded by saying:

The letter of Gov. Blair concluded by saying:

Questions of finance have not been much discussed among the people for the last twenty years, and there is now considerable confusion in the popular ideas upon the subject; but that will rapidly disappear as the discussion goes on. To men of my age this is not a new question at all. We have heard it handed down by Daniel Webster, Henry Clay, Thomas H. Benton, Silas Wright, and Andrew Jackson, and no man who heard, and who has studied, these discussions, will be likely to go astray now. The nation is now undergoing the discipline which always follows unlimited borrowing and reckless expenditure. While we have been borrowing vast sums, and mortgaging the National resources for payment, the unnatural stimulation of business and necessor of prices deluded many into the belief that the country was growing rich. The time has come when we are to be undeceived, unless we are ready to fling away the reputation of our country and run after humiliations. All the money we have borrowed, whether on bonds or greenbacks, must be honestly paid. That can be done only in the old-fashioned way of industry ane economy. I have not the slightest doubt that this will be done. We defended successfully the territorial integrity of the country, and now we shall delend and preserve its financial character as well. After recitme the call for the Convention to be held it

Cincinnati on the 25th of October, to confer about measures to restore specie payments, and to correct the evils of our national revenue system, the following resolutions

were passed:

Resolved, That, disregarding all party feeling, and believing that foreign and domestic commerce, under a currency depreciated and fluctuating in value, and a revenue system which is unequal in its burdens, we respond
to the Richmond call, and that ten delegates be named
from Michigan by the President of this meeting to attend the proposed Cheinmati Convention.

Second: That we inflexibly set our faces against all
schemes for currency inflation, or any form of papergreenbacks or otherwise—as long as that currency shall consist of irredeemable promises to pay money; and we will oppose
any policy, which has not a direct four rock to establish

May, and Gen. Richardson. After several speeches the

THE FAST MAIL SERVICE.

REPORTED OPPOSITION BY RAILWAY MANAGERS-THE POST-OFFICE DEPARTMENT NOT AWARE OF SUCH OPPOSITION-UNITED EFFORT TO SECURE PROMPT DELIVERY OF MAIL MATTER-ADVAN-

TAGES OF THE MORNING TEAINS. Washington, Oct. 14.-Numerous reports have been widely printed to the effect that the establishment of fast trains by the Pennsylvania and other railroads was likely to prove an apple of discord among the leading railroad managers; that the general impression among railroad mea is that they were started to advertise a few leading roads, and that they do more harm than good. It has also been assested that the time gained amounts to very little; that all other trains are delayed by having to keep out of the way of the fast ones, and that the latter are dangerous to life on account of their extraordinary speed. Among other things it has been said that Commodore Vanderbilt, who was at first in favor of fast mail trains, bas-since Mr. Scott began to ren fast passenger trains-completely changed his mind, and is now working hard to have them abolished; and that as for the fast passenger trains, there is not a ghost of a chance that any of them will hereafter be run, nearly every railroad manager having already decided to go strongly against them. As to the fast mail trains, it is admitted in these reports that they may be continued for a while longer, there being a little more difference of opinion on this subject; but, it is asserted, Superintendent Bangs a day or two ago expressed his fears that there was great danger that they, too, will be abolished. The report referred to closes with the assertion that if the fast mail trains are retained it will only be after a severe and prolonged struggle, and that then they will be allowed to carry nothing but mails. The Postmaster-General knows nothing about these re ports. The Convention of Railway Managers, at its meeting in Chicago yesterday, voted that no road should be allowed to run its trains faster than the schedule adopted, and there is much doubt whether this action will force the Pennsylvania Company to detach its passenger cars from

the fast morning mail from New-York or not. Instead of a general opposition to the fast trains, the Postmaster-General finds a general disposition among railroad managers to cooperate with the Department in securing the promptest possible dispatch of the mails. The mails that leave New-York on the Pennsylvania road in the morning go through to the Mississippi River now without delay at Pittsburgh or elsewhere. The Departtrict, Isaac J. Cougill, Rep.

HAYES ELECTED BY 3,500 MAJORITY. ALL BUT THREE COUNTIES HEARD FROM-ALLEN'S DEFEAT CONCEDED-THE DEMOCRATS TALK OF CONTESTING THE ELECTION.

The returns of the Ohio election show no material change of the situation from Wednesday night Eighty-five counties have now reported in full, and the result is the complete triumph of the friends of hard money by at least 3,500 majority. Some accounts place the majority at from 5,000 to 8,500. Cary, the Democratic candidate for Lieutenant-Governor, runs behind his ticket about 3,000 votes. The Democrats charge frauds in Cuyahoga County, and threaten to contest the election. The Republicans have a majority in the Lower House of the Legislature, and probably in the Senate.

NO HOPE FOR ALLEN. THE DEMOCRATS CONCEDE HAVES'S ELECTION - SUS-TAINED EXCITEMENT IN COLUMBUS. [GENERAL PRESS DISPATCH.]

COLUMBUS, Oct. 14-2:15 p. m.-There is still intense excitement here over the election news, and much figuring is being done. A. T. Wikoff, Chairman of the Republican State Committee, states that 68 counties now reported give 10,607 majority for Hayes. The 20 counties not heard from gave a Democratic majority of 5,271 in 1873. The Democrats here claim a gain of 1,402 in 16 of these counties, and the Republicans a gain of 1,000 in four of them. This would leave a net majority of 4,934 for Hayes. It is generally conceded that Hayes carries the State by at least 4,000. So intense is the excitement centering on the Governorship that the Legis-

The two remaining counties, Carroll and Wood, gave Republican majorities of 362 and 274 respectively in 1873. The Republican Committee have just captured a startling correspondence by telegraph between E. S. Dodds (Dem.) State Gas Commissioner, and John G. Thompson of the Democratic State Committee. Mr. Dodds inquires: " Would 1,000 majority in Wood County help you !" Thompson answers: "It would help us much." The Republican Committee have telegraphed to

A THREAT TO CONTEST. CINCINNATI, Ohio, Oct. 14 .- A Columbus special to The Times says that all the returns are in excopt from two counties. If these two poli the same vote as in 1873, Hayes will have 6,390 majority. The Chair-

man of the Democratic Committee says if Hayes is not elected by over 4,000 majority, and the Democrata get either branch of the General Assembly, he proposes to contest Hayes's election on the ground of frauds in Cuy

COMMENTS OF THE PRESS.

THE TURNING POINT IN GOV. TILDEN'S CAREER.

From The Brooklyn Argus (Ind.)

Next to the corpses of our friends Allen and Cary that will now float out of sight, the result of the Ohio election will most effect Samuel J. Tilden. Mr. Tilden has had a remarkable career as a Reformer, but lust now he appears to have stumbled over the big piles of stolen granite that constitute the new Capitol building at Albany. Much dissatisfaction is manifested at his non-action against one set of robbers while pursuing another set. If the Governor opens his eyes to the danger of inaction against these plunderers who are handicapping him by their present scheming and past injunities, he can fill his sails with the Ohio breeze and drift directly towards the white House. This is no doubt the turning point in Governor Tilden's career. It is the tide which must be taken at the cbb. Let his sincarity as a reformer come under serious question, and he will fail as rapidly as he has risen.

THE DEMOCRACY IN SUPERB FORM FOR 1876.

From The Brooklyn Engle (Dem.)

We wish a majority of 5,000 had been one of 100,000. We wish the Republicans had stamped out the hereay and that the heels of square Democrats had been only an auxiliary, not an indispensable, force to crush the hydra. But great good has been done. The Republicans have been forced to hard money. The Democracy has been held to it. Repudiation has been mashed. The worst elements in the Republican party, led by Morton, Logan, Kelley, and Butler, would have come to the front had not Allen, Ewing, Pendleton, the fence men, and that blatherskite Cary been sent to the rear. The retirement of both sets of charlatians opens the way to the minon of what is and who are the best in both parties, and in all parties, upon honest money, honest government, and honest men to run it. The Democracy stands true to its ancient faith, and the result of yesterday puts it in superb form for 1876 and its consequences.

yesterday puts it in superb form for 1876 and its coasequences.

THE EFFECT UPON PENNSYLVANIA.

From the Philadelphia Times (Ind.)

A Republican surge of victory breaks upon
Pennsylvasia within three weeks of one of the most important political verdicts her people have ever rendered.
It matters not how or why the Republican tide has been
created—whether by folly of the defeated or by strategy
of those who have triumphed. It is a Republican wave
that breaks upon the loose, undisciplined, and uncommanded Democratic lines that must drive them from
their hopeful position for a time, if it does not break them
in confusion. Pennsylvania has, born of her own political necessities, the most vital issues presented for her
arbitrament, which were unfelt and comparatively unknown in Ohio. If to these the Democracy shall
promptly rally its legions by bold, aggressive warfare,
such as the cause deserves and demands, the Ohio wave
will spread harmlessly over the sands of our shores and
be impotent to influence the judgment of our great Commenwealth. No temporizing, half-way work will meet
the emergency; no dress parade will win the battle that
is now upon us.

AMERICAN CREDUT PRESERVED.

AMERICAN CREDIT PRESERVED.

From the Cincinnati Commercial (Ind.)

The downfall of the Inflationists in Ohio will have an immediate and far-reaching influence for good. It places both parties upon their good behavior for the Presidential contest of the centennial year. The Republican party received their varning last Fall. The Democrats have in yesterday's experience a greatly needed lesson, that may be of much service to them. The floating vote grows with the intelligence of the people, and the political organizations are admonished that neither can win with its worst elements in front. Ohio gives her voice for honest money and the sacred preservation, as among our priceless possessions, of the pledged faith of the people. She gives her voice, too, that the workingman's dollar shall soon be a gold dollar. She is a representative State, and she will be heard and potential throughout the land. We may fairly say it is established not only that the American Republic ranks annother than the property of the markets of the world.

WAR DECLARED UPON THE NEW-YORK DEMOCRACY.

From The Cincinnati Enquirer (Inflation Dem.)

We are disappointed, buit we are not discouraged. The cause which we have advocated is the cause of the people of the Great West and South. The defeat of yesterday will have much to do with shaping the future of the party. The men who seek to drag the organization upon the platform of the Republican party will take fresh hope. They will now proclaim their intention to mold the party to the uses of the bankers and bondholders in 1876. They may possibly steal the party machinery, but they never can steal the votes of the masses. The Eastern gentlemen who call themselves Democrats, and who deserted the Democracy of Ohio in their great struggle, will not be forgotten. They have built up an account which will be settled in good time. The tieket in New-York, made by a junta of Wall-st. bankers, upon a National Bank platform, would be unceremoniously kicked out by the Democracy of the Pennsylvania. of Ohio, and the entire South and South-West. No consideration could induce them to touch it. The men in New-York railing themselves Democrats, who have exerted their influence to beat William Alien and the Democratic teket in Ohio, are the worst enemies of our organization. They have day a pit between them and the Democracy of this portion of the Union—a pit as wide and impassable as that which separates Dives from Lazarus. We only know the motives of their leaders to hate and excerate them and to pray for their deders to hate and excerate them and to pray for their deders to hate and excerate them and to pray for their deders to hate and excerate them and to pray for their defeat. They are not Democrats any more than Nick Biddle of the days of Andrew Jackson was a Democrat. The god of their idolatry is a National bank. They have set up a golden calf to be worshipped by the people whom they have robbed and are now robbing. The Penneylean the Biddle of the days of Andrew Jackson was a Democrat t

THE INDEPENDENT VOTERS' PART IN THE FIGHT.
From The Cincinnati Gazette (Rep.)

From The Cincinnati Gazetts (Rep.)

The victory can justly be claimed by the Republican party because it adopted a platform worthy the support of honest men, and fought the battle upon distinctive principles; but we are not unmindful of the fact that this victory of honesty over dishonesty, of sound principles over pure demagogery, is due largely to the votes of men who have not been identified strictly with the Republican organization. Floursands of Liberal to the votes of men who have not been identified strictly with the Republican organization. Inousands of Liberal and Independent voters and of Democrats cast their votes with us, and are fairly entitled to a share of the glory which belongs to the victory that has been gained. The aim of Republican leaders should now be to deserve the continued cooperation of this large and influential class of honest and thinking men. Many Republicans, in various parts of the State, went after strange gods, but their places at the polls were filled by men who broke loose from party attachments, and overcame strong prejudices, in order that their proud State should not give forth an uncertain sound in these days of faise dectrines, startling heresies, and idiotic or danning financial theories.

WASHINGTON.

THE TAX ON LUXURIES. ONLY HALF THE EXPECTED INCOME REALIZED-AN INCREASE OF \$5,000,000 SINCE MARCH 3. [BY TELEGRAPH TO THE TRIBUNE.]

WASHINGTON, Oct. 14 .- Sufficient time has passed since the act increasing the tax on whisky, tobacco, cigars, etc., to enable the officers of the Government to form an estimate of the value of the act as a means of increasing the revenues, or, in the language of its title, "to provide for the exigencies of the Government." The official figures will disappoint those who advocated the increased taxes as a sure means of extricating the Treasury from its embarrassments. The amount realized will not reach balf the sum estimated when the bill was before the Ways and Means Committee. The act went into effect March 3, 1875, and increased the tax on whisky 20 cents a gallon, and made a considerable increase on tobacco, cigars, snuff, sugar, etc. The receipts for the first four months closing with the fiscal year were not as night, and elected officers for the ensuing year. The large by several millions as was expected. It is now seen that the predictions by the Secretary of the Treasury and several Congressmen from Kentucky, that the increase was discounted by the dealers and manufacturers will prove true. During the months of March, April, May, and June the increase from the sources named, over the preceding year, was about \$3,000,000. For the months of July, August, and September the increase over the preeding year was about \$2,000,050. The officers of the Government expect a large increase during the coming four months, ending next February, as the stock on hand at the time of the passage of the act will have been exhausted.
